

## **Procedure - Bid or Request for Proposal Requirements**

The following procedures will be in effect for purchasing and public works through the bidding or request for proposal process. All of the dollar amounts stated herein are written to match the statutory requirements in effect as of the date of this Policy; if such statutory dollar thresholds are revised, either up or down, then this policy shall be automatically adjusted to reflect the new threshold amounts.

### Informal Competitive Bidding

1. The district will reach out to various sources to obtain quotations for the goods or services to be purchased.
2. The district will get quotations from no less than three different sources.
3. If there are not three sources available, the district will record the attempts to contact all available sources and document the limited number of sources.
4. Quotations shall be documented and be available for the public to review following the awarding of the contract.

### Formal Competitive Bidding Process

1. The district will prepare clear and definite plans or specifications for the goods or services to be purchased.
2. The district will provide notice of the call for formal bids by publication in at least one newspaper of general circulation in the district once a week for two consecutive weeks.
  1. The notice will direct potential bidders to full bid requirements.
  2. The notice will provide notice of how sealed bids are to be received.
  3. The notice will also include information about the date, time, and place where bids will be opened.
3. The district will publicly open and read formal bids on the date, time, and place named in the notice and then will file the bids for public inspection. Any interested member of the public may attend the bid opening. It will be the bidder's sole responsibility to see that the district receives the bidder's bid prior to the time set for opening of bids. The district will return any bids received after the time set for opening the bids to the bidder unopened and without consideration. The district will accept proposals in the place named and no later than the date and time named in the notice.
4. Formal bid or proposal tabulations may be presented at a meeting of the board for study purposes;

5. The board will award formal contract on the basis of staff recommendations;
6. Specifications using brand names and manufacturers' catalog numbers are for identifying and establishing a quality standard. The board may consider bids or proposals on equal items providing the bidder or proposer specifies brand and model and furnishes descriptive literature. The board will condition its acceptance of alternative "equal" items upon its inspection and testing after receipt. If the board does not find the items to be equal, the board will return the items at the seller's expense and cancel the contract;
7. The district will reserve the right to reject any or all bids or proposals, waive any formalities, and/or irregularities, and cancel the solicitation, if a reason exists;
  1. The district may reject bids by resolution; and
  2. Provide notice of acceptable of further bids in the same manner as the original notice.
8. On construction projects, the bidder will include a notarized statement agreeing to comply with prevailing wage and any affirmative action requirements. The bidder will also provide payment and performance bonds
9. For public works projects estimated to cost \$350,000 or less, the superintendent or designee may solicit bids by telephone, electronic, or written quotations from contractors on the appropriate small works roster. The district will not break a project into units or phases in order to come within the scope of the small works roster process or limited public works process. Each year, the district will publish a notice of opportunity regarding the small works roster in at least one newspaper of general circulation in the district and then revise small works roster accordingly. The district will also add responsible contractors to the small works roster any time a contractor submits a written request and necessary records. The application form be designed to collect such information as (1) name of contractor, (2) state of Washington contractor's license number, (3) bonding verification, (4) liability insurance coverage, (5) related contracts completed, and (6) references (bond and clients). Contractors desiring to be placed on or remain on the small works roster are required to keep current records of applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the district.

### Small Works Process

For public works contracts that are under \$350,000 exclusive of state sales tax, the district may utilize a small works roster for the project.

In establishing the small works roster, the district must require contractors wishing to be placed on the roster to indicate if they are women, minority, or veteran-owned, or meet statutory definitions of a small business. The district will either create its own small works roster or it may, through interlocal agreements, use small works rosters created by another district or governmental entity.

All solicitation for bids or direct contracts shall include a scope of work that includes the nature of the work as well as materials and equipment to be furnished. It is not necessary to have detailed plans and specifications.

For any work being done through a small works roster, the district will secure written or electronic quotations to ensure that a competitive price is obtained. The district will award the contract to the lowest responsible and responsive bidder. For small works contracts under \$150,000 not including sales taxes, the district may directly contract with a contractor meeting the statutory definition of a small business as follows:

1. If the district's small works roster has six or more small businesses, the district must rotate through the businesses on the roster and must utilize different contractors for different projects.
2. If there are five or fewer small businesses on the roster, the district may choose to directly contract with any of the businesses.
3. In all cases, the district must contact any small, minority, women, or veteran-owned businesses on the roster when using this method.

If the contract is under \$5,000, there is no requirement for retainage or performance bonds. For any other small works process, the district may waive or reduce the retention requirements by assuming the liability for any non-payment of labors, mechanics, subcontractors, material-persons, suppliers, taxes and any penalties relating to these.

The following will be in effect for purchasing and public works awards:

- A. The contract for the work or purchase shall be awarded to the lowest responsible bidder as described in RCW 39.26.160(2), but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. C. For any public works contract, the district shall retain a portion of the amount paid to the contractor, based on the following guidelines:

1. For any contract awarded using the small works roster procedures that is valued under \$5,000, the district may waive retainage.
2. For any contract under \$150,000, the district may retain ten percent (10%) of the contract in lieu of a payment and performance bond.
3. For any other contract, the district will retain five percent (5%) of the contract until such time as the project has been accepted as complete and all liens released.

4. The contractor may submit a bond to cover amounts for the contractor;  
or

  - i. Be held in a fund by the district;
  - ii. Be deposited in an interest-bearing account for the contractors;

In addition to the bidder responsibility criteria, the district may adopt relevant supplemental criteria in accordance with RCW 39.04.350(3) for determining bidder responsibility, applicable to a particular project with which the bidder must meet.

Formal written contracts will be prepared for all major construction and repair projects. After a majority of the board votes to approve a contract, the board president/chair and secretary sign the contract on behalf of the board and record the action in the minutes. All contracts will provide that, in the event that the district files suit to enforce the terms of the contract, the venue will be the county where the district is located. All contracts will also provide that if the district is successful in the suit, the court may order reimbursement of the district's attorney fees and court costs, as the court deems reasonable. Any contract for services with an entity or individual other than an employee of the district shall include a provision requiring the contractor to prohibit any of its employees who has pled guilty to or been convicted of any felony crime specified under RCW 28A.400.322 and who would have contact with children at a public school during the course of their employment from working at a public school. The contract shall also contain a provision that any failure to comply with this section shall be grounds for the district immediately terminating the contract.

The superintendent will establish bidding and contract awarding procedures consistent with state and federal law.
